The competition should be an opportunity for adventure, for a new experience. To strengthen the bond between the child, parents and a teacher, for a performance in front of an unknown audience, for new concert shoes or a dress and for a cake after the performance.

Sometimes we do better, sometimes we are a little disappointed. That's life. However, the competition is our magical day. Everyone sticks with us, they are here for us. And we are here because of music and love for it.

You are warmly invited to present your instrument to our committee and the audience. We will be happy to listen to you.

After the end of the competition, all prizes and awards for participation will be awarded.
